

STORE DESIGNER - CHELTENHAM

WHO WE ARE

Superdry have been making world-class product for over 20 years, and we're proud of it. Our mission is to inspire and engage the contemporary style-obsessed consumer, whilst leaving a positive environmental legacy.

Together with our CEO, we have built a brand that has cut through the global apparel market at record speed, taking market share from brands that have existed for decades.

Our brand direction has never been stronger, evolving American Prep to resonate with a new generation of customers.

We are now on an exciting journey having reset our brand returning to our design-led roots and we are looking for talented people to join us.

THE ROLE:

This is an exciting opportunity to become part of a team that is responsible for the look and feel of Superdry stores across the world. The Store Development Team not only design and build the stores but also maintain them whilst looking after the Health and Safety for the business.

As store designer you will be responsible for the implementation of plans into company and franchise store roll outs, ensuring that projects are delivered on time, on budget and to the high quality of finish expected.

Coming from a background in a similar position, ideally within retail, you will have a thorough understanding of CAD/Revit software and technical architectural drawings as well as building regulations, landlord management and an excellent attention to detail.

YOU WILL:

- Maintain relationships with UK, EU and International architects and contractors ensuring local interpretation is correct, timescales are in-line with projections and where appropriate work to overcome delays to projects.
- Develop schematic designs in accordance with concept guidelines, ensuring compliance with building regulations and landlord criteria to the global development programme.

careers.superdry.com

- Support in the design layout and implementation to uplift store densities in the UK, Europe & International, ensuring they reflect site conditions and meet requirements.
- Deliver the drawing package to full construction status, incorporating standard details and liaising with both internal and external teams to develop non-standard detail proposals as required.
- Liaise with the consultant team to ensure the integration of all ME&P and structural issues, to provide a fully coordinated tender set, to an agreed development programme.
- Prepare architectural risk assessments in accordance with the CDM Regulations are completed, understanding any risks associated with the design.
- Work to support the senior management team and design team as required.
- Work closely with the project manager throughout the lifecycle of a project and conduct site visits where necessary
- Maintain and update the internal set of standard details at any time. When new concepts are introduced, standard details must be drawn and updated.
- Mentor junior members of the team, giving the opportunity to progress into future roles.

YOU ARE:

- Someone who is highly competent in the use of Revit and AutoCAD
- Competent in the use of Adobe Photoshop
- Minimum 5 years' of relevant experience in store design industry
- Great at planning and organising
- Able to work under pressure and manage multiple projects simultaneously.
- Proactive and able to plan ahead.
- Comfortable in reporting back to senior managers
- Able to challenge decisions and situations if unmanageable.
