LOGISTICS DEVELOPMENT MANAGER - WHOLESALE – BELGIUM

WHO WE ARE

Superdry have been making world class product for 15 years, and we're proud of it. Our mission is to inspire and engage the contemporary style obsessed consumer, whilst leaving a positive environmental legacy.

Together, we have built a brand that has cut through the global apparel market at record speed, taking market share from brands that have existed for decades. But we have a big opportunity ahead of us as we launch 4 new collections.

We are now on an exciting journey to reset our brand and return to our design-led roots and we are looking for talented people to join us on our journey.

THE ROLE

As Logistics Development Manager – Wholesale you will be responsible for engineering our supply chain to ensure we provide an efficient and sustainable service to our global wholesale customers that contributes to overall account profitability. You will work closely with members of the logistics, sourcing, wholesale and finance team to identify and implement innovative solutions.

YOU WILL

- Have a deep understanding of our global wholesale customer base
- Understand the wholesale customer segmentation model
- Work with our global wholesale operations and customer service teams to understand our customer requirements and resolve issues
- Work with our freight, warehousing, and carrier teams to develop solutions tailored to customer requirements, sustainability, and value
- Develop wholesale service performance and customer satisfaction measures
- Coordinate and prioritise project tasks, manage timelines, maintain project plans and communicate status to project sponsors, senior management, and external stakeholders
- Document the benefits from solutions implemented and measure them against the agreed levels of return on investment

GET READY FOR EVERYTHING.
